Summer Leadership Fellowship for MBA & MSC Students and Recent Graduates

“FASPE was an incredible and once-in-a-lifetime opportunity to think critically and discuss complex issues in the same historical locations where so much wrong took place. Surrounded by brilliant faculty and peers, I have never felt so vulnerable and simultaneously comfortable enough to analyze my own weakness, both personally and professionally. I left the two weeks feeling inspired to change my profession and the world, and fully committed to serving others and creating a more just society.”

— DEREK SOLED, 2022 BUSINESS FELLOW

FASPE Business (Fellowships at Auschwitz for the Study of Professional Ethics) is a fully-funded two-week international summer program that uses the conduct of executives and managers in Nazi Germany as a launching point and backdrop for an intensive study of contemporary business ethics and leadership.

Fellows visit Auschwitz and other sites in Germany and Poland where they consider how to apply the lessons of history to the ethical challenges they will face in their careers.

All program costs are covered, including the equivalent of round-trip travel from New York to Europe, as well as all European travel, lodging and food.
